2020-present West University, Timisoara-Computer Science
2016-2020 "Liceul Teoretic Recas" high school

Skills

- Java
- C# and .Net
- Git
- JavaScript
- React
- Databases

EXPERIENCE

Web Developer at Infobest(July 2022 - December 2022)

Responsabilities:
- Restoring websites (renesim.com, metadiamonds.com) using newer technologies (Next js)

Personal Projects

SQL Helper(October 2022 Present):
- This is my bachelor's thesis and it's made using .Net and React.
- Through a web interface, various operations can be performed on the database, such as CRUD operations, import/export, and graphical data visualization.
- The application is made for SQL Server type databases.

Spring form(March2023 April 2023):
- It is a web form made in Spring
- All records from the database can be displayed and exported in CSV or XLSX format, and the inputted data is also validated in Java.
